

I claim:

1. A method for controlling fungal infestation of plants comprising the steps of:  
selecting a composition comprising garlic extract and a liquid carrier;  
applying said composition to a plant.

5

2. The method of claim 1 wherein said composition contains between  
approximately <sup>5% D.N.</sup> ~~10%~~ to 30% of garlic extract by volume.  
*rpm*

3. The method of claim 1 wherein said carrier in said composition consists  
10 essentially of water.

4. The method of claim 2 wherein said carrier in said composition consists  
essentially of water.

15 5. A method for inhibiting fungal growth in a host medium comprising the steps  
of:  
selecting a composition comprising garlic extract and a liquid carrier;  
applying said composition to said host medium.

20 6. The method of claim 5 wherein said composition contains between  
approximately <sup>5% D.N.</sup> ~~10%~~ to 30% of garlic extract by volume.  
*rpm*

7. The method of claim 5 wherein said carrier in said composition consists  
essentially of water.

8. The method of claim 6 wherein said carrier in said composition consists essentially of water.

9. A fungicide consisting essentially of garlic extract and a inert liquid carrier.

5

10. The method of claim 9 wherein said composition contains between approximately ~~10%~~<sup>5%</sup> to 30% of garlic extract by volume.

11. The method of claim 9 wherein said carrier in said composition consists essentially of water.

10

12. The method of claim 10 wherein said carrier in said composition consists essentially of water.

13. A method for inhibiting fungal grown in turf grass comprising the steps of:  
selecting a composition comprising garlic extract and a liquid carrier;  
applying said composition to said turf grass.

15

14. The method of claim 5 wherein said composition contains between approximately ~~10%~~<sup>5%</sup> to 30% of garlic extract by volume.

20

15. The method of claim 5 wherein said carrier in said composition consists essentially of water.
